

2 December 1963

REPLY TO
ATTN OF: SQ SURGEON

SUBJECT: Monthly Activities Report for Month of November 1963

TO: Commander
WRSP-IV

1. The general health of the squadron remained good throughout the month. No specific records were kept because of the absence of [redacted]

[redacted] who was on TDY at [redacted] up to 23 November. [redacted] carried out routine medical and immunization requirements during absence of [redacted]

2. [redacted] referred to Lovelace clinic because of back problem [redacted] was admitted for evaluation and treatment. Duration of grounding estimated at three weeks from date of admission. [redacted] temporarily DNIF 23 November through 30 November because of common cold. Other drivers currently in good physical condition.

3. A more rigid crew control program has been instituted by [redacted] and accepted by drivers.

[redacted]
Squadron Surgeon
